JESS WILLARD FEELS

NEED OF ACTIVITY

He and Tex Rickard Sign Agreement That Willard Will Fight Somebody for Big Money.

Chicago, Jan. 25.—Jess Willard, champion heavyweight pugilist, and Tex Rickard, promoter, have signed an agreement that the champion should meet an unnamed opponent for \$100,000, probably in July.

Promoter Rickard stated that as he is the one to name Willard's opponent he probably would be Georges Carpentier of France, or Jack Dempsey, American aspirant for the championship. Rickard reserves the right, however, to wait until March 25 before naming Willard's opponent.

The place of meeting is to be named by Rickard 60 days before the fight and he also will name the referee. As the agreement calls for any number of rounds up to 40, the length of the battle will be determined when all the parties concerned meet to decide upon final details.

"Wherever the battle is fought, it will be in a baseball park," Rickard said. "I plan to build an arena with a seating capacity of about 30,000. This will cost \$200,000. Prices of admission probably will be from \$10 to \$50."

TO SECURE RELEASE OF BASEBALL PLAYERS

National Commission Asks Club Owners to Send in Names and Service Addresses of Their Players.

Chicago, Jan. 25.—In order to assist in the release from the army of major baseball players who are in overseas service, the national commission today mailed a request to club owners to send in the address, the name of the division, regiment and company in which the players are located.

This information is to be turned over to the government, President B. B. Johnson of the American League said, to aid in efforts to get those men who have jobs awaiting them released from service in the future.

Philadelphia, Jan. 25.—Plans for the 25th annual relay carnival of the University of Pennsylvania, which will be held at Franklin field on April 25 and 26, are rapidly being completed. It is the first big college outdoor sporting event to be held since the war ended, and the management expects one of the largest lists of entries in the history of the meet.

Invitations already have been sent out and a number of acceptances from colleges in the east and middle West have been received. Harvard, Yale, Princeton and Cornell are said to have many good men in the ranks and all are expected to send strong teams.

Miss Elsie Gordon Tells How Cuticura Healed Her Pimples

"Itching and eczema started on my foot due to the heat of my blood. It itched so that I could not sleep at night. The eczema started in scales on the side near the ankle, and spread to the sole, and when I scratched, my foot got sore. I had to wear white stockings and low shoes all the time, or I would not be able to work."

"I read an advertisement for Cuticura and I decided to try them. I used one box of Cuticura Ointment and one of Cuticura Soap and part of a box of Cuticura Ointment when I was healed." (Signed) Miss Elsie Gordon, 21 Waite St., Springfield, Mass., July 26, 1918.

SERBIAN LOSSES ARE

10,000,000,000 FRANCES

This Is Exclusive of War Expenses and of War Loans Which Serbia Has Received from the Allies.

Geneva, Switzerland, Jan. 25.—(Correspondence of the Associated Press).—Losses sustained by Serbia during the war are estimated by Milos Savic, member of the central committee for Serbian reconstruction here, to aggregate 10,000,000,000 francs. This is exclusive of the war expenses incurred by Serbia and of the war loans which Serbia received from the allies.

Mr. Savic asserts that the present value of the Serbian property would be double what it was at the time of its destruction of 20,000,000,000 francs.

"Serbia and Montenegro," declares M. Savic, "have suffered greater losses in lives, relatively speaking, than any of the other allies. Serbia alone lost about 320,000 men up to the arrival in Corfu in 1916. One-half of her taxpaying citizens and one-third of her population perished from sickness, epidemic diseases and the unprecedented savagery of the enemy at the time of the invasion of 1914, and during the three years of domination of the Bulgars and Austro-Magyars."

"Our enemies sought not only to destroy Serbia economically but to exterminate her people, so as to rid themselves once and for all of the barrier which blocks Germany's way from Berlin to Bagdad."

"The restoration of Serbia will require a certain amount of time. The enemy must return everything he plundered from the Serbian museums, libraries, universities, churches and schools and what- ever has been destroyed must be replaced. Germans, Austro-Magyars and Bulgars must return the livestock which they drove away and pay for the timber, vineyards and orchards which they cut down and ruined. Agricultural implements and industrial machinery must be replaced in kind. The allies must supply us with food as quickly as possible, likewise with textiles, and medical stores, all of which are completely lacking in Serbia. Devastated towns and villages must be rebuilt. Banks, loan societies and savings banks must be supplied with money so that economic enterprise may be revived."

Estimating the damages inflicted upon Serbia, M. Savic, who was former Serbian minister of public works, places the value of one year's harvest in Serbia at 1,000,000,000 francs and adds that the enemy seized three harvests. The invaders destroyed 130,000 horses, 6,000,000 sheep and goats, 2,000,000 pigs, 1,300,000 cattle and more than 8,000,000 poultry.

Manufactured goods to the value of 750,000,000 francs were carried away or destroyed, he says. Damages to private property such as furniture, machinery, etc., he estimates at 400,000,000 francs. The enemy carried off 30,000,000 francs currency amounting to 30,000,000 francs and jewelry of about the same value. Requisitions, enforced subscriptions to enemy war loans and damages sustained by private financial concerns are estimated at 800,000,000 francs.

There are now about 100,000 disabled persons to be cared for and more than 150,000 orphans to be fed, clothed and educated. "Persons," says M. Savic, "must be provided for the very large number of widows and orphans. Our allies must compel the enemy to repair roads, bridges, tunnels, railroads and to return the shipping and rolling stock which was removed."

ST. AGNES HALL BURNED.

Loss at St. Johnsbury Will Run Into Thousands of Dollars.

St. Johnsbury, Jan. 25.—St. Agnes hall, the building used by Notre Dame Catholic church for its social gatherings, was gutted by fire yesterday morning, entailing a loss of several thousand dollars. A basketball game was held in the hall Thursday night and it is supposed some one dropped a cigarette stub which started the trouble. The fire was discovered at 4 Friday morning by the janitor and had then made considerable headway.

Notre Dame church and parish house, Mt. St. Joseph convent and St. Johnsbury hospital, housing scores of pupils, patients and nurses, also St. Gabriel's school for boys are located near the burned hall and the early discovery of the fire and the prompt work of the department were all that prevented a catastrophe. The damage was confined largely to the interior of the building and is practically covered by insurance.

Insurance men are here adjusting the loss in a fire Wednesday morning in Watertown, where a barn owned by Fred Lawrence was totally destroyed with all its contents. These included 17 head of cattle, a large quantity of hay and other crops. This, too, was an early morning fire, and was caused by the explosion of a lantern as Mr. Lawrence was doing his chores. The loss is heavy, as he carried only \$500 on the barn, \$700 on the produce and \$800 on the stock. Part of the stock was owned by Dr. J. M. Allen of St. Johnsbury.

HUNG EX-MAYOR AS A SPECTACLE

Villa Made American Mining Men Witness the Execution

AFTER MAKING RAID ON SANTA EULALIA

Villa Had a Grudge Against the Ex-Mayor of the Town

Juarez, Mexico, Jan. 25.—American mining men were forced by Francisco Villa to witness the hanging of Antonio Cabello, former mayor of Santa Eulalia, Chihuahua, Wednesday morning when Villa occupied the mining town, looted the safes of the mining companies, robbed the stores and houses of Americans, and departed after killing four federal soldiers and capturing the remaining 31.

Details of the raid were brought here last night by passengers from Chihuahua. Villa had five hundred men, they said. The hanging of the ex-mayor was the result of a grudge Villa held against him since they were partners in the cattle business.

"I would call it perfidy to abandon any of 14 points," Sen. James H. Lewis declared that the American government could not give up one without laying itself liable to the change.

New York, Jan. 25.—Senator James Hamilton Lewis of Illinois, speaking today before the Lawyers' club in support of the proposal for a league of nations, declared that the American government in the peace settlement could not abandon a single one of President Wilson's 14 principles without laying itself open to the charge of perfidy.

Germany, Senator Lewis said, would have the right to refuse to abide by the terms of the armistice, the allies would be justified in withdrawing from the peace table, and all small nations or aspiring peoples fighting with the United States on the basis of the president's proposals, would be excused before the world in turning from America.

"The peace was made by Germany and her people on terms of the 14 points proposed by the United States, including the proposal of a league of nations for future peace," said Senator Lewis. "These were adopted by the allies as their only terms of peace and all accepted as the basis by Italy, the Balkans and Turkey. It is impossible for the United States to withdraw one of her terms or postpone one or omit to press one—without giving Germany the right then and there to refuse to abide by the terms of the armistice in any particular."

She could refuse to deliver her cannon and arms as agreed. The people of Germany would be justified in charging us with fraud on them and turn against us and support any force against our soldiers. The allies would be justified in accusing us of trickery and withdraw from the table.

"Every little nation or aspiring people fighting with us on the basis of our proposals made Jan. 8, 1918, would be excused before the world in turning from us and assailing us for perfidy to them, then resorting by allying themselves with any of the foes of the United States—this on the ground that our contracts and agreements were delusions and fraud and our treaties of peace but 'scraps of paper.' We would be the perfidious traitors to solemn compacts and the one nation whose word would sink as low as was the Prussian when her deceptions and lies brought her to destruction in the indignation of civilization."

"The very last and first of the covenants we made to Germany as basis of peace, was that all nations qualified as civilized should league to prevent war in all future. This was the one principal on which the German people took our terms of peace and withheld further arms and armies to Germany. It was on this basis as the guaranty of future peace in Europe that Britain and France accepted the terms of the United States."

It is now a question of American honor. It cannot be violated to accommodate political party issues or to gratify racial or national hatreds. Justice demands that we hold fast to every covenant."

GARLAND DEMANDS WE SCUTTLE FROM FRANCE

Let the British and the French Do the Dirty Work, He Says.

Washington, Jan. 25.—Representative Garland of Pennsylvania, Republican, who spent Christmas at Coblenz with American soldiers, introduced a resolution yesterday demanding "the return of the soldiers by every transportation facility that can be made available," and for the immediate discharge on arrival in the country of drafted men and members of the National Guard. "Something ought to be done," he said. "The men don't have any idea when they will be back, and have been told they will be there a year or longer. There is nothing around them but rain and mud and tombstones and ruin. There are plenty of French and British there to police the country. The privates think that the ones getting big pay want to keep them there."

WAR ZONE DECLARED.

As Precaution Against Bandit Activities in Mexico.

Mexico City, Jan. 25.—As a military measure to check the activities of bandits along the railway lines from the capital to Vera Cruz, General Candido Aguilar has ordered that a strip 100 meters wide on each side of the Mexican line from Vera Cruz to Esperanza be declared a zone of war. Natural hiding places in this zone will be destroyed and all inhabitants in the affected area will be forced to prove their pacifist tendencies. All persons other than inhabitants of the zone will be gathered in and examined by the military.
